Mr. Alfred McCormack
Special Assistant to the
Secretary of State
Washington 25, D. C.

Dear Mr. McCormack:

With reference to your request for a copy of the report made to the Secretary of War by the Committee appointed to study War Department intelligence activities, I enclose that portion of the report which deals with the establishment of a central intelligence organization. This is one of the two subjects covered by the preliminary report submitted on November 3 and I understand it covers the field in which you are particularly interested.

Very sincerely yours,

ROBERT A. LOVETT
Assistant Secretary of War for Air
